DETAILED ACTION

Allowable Subject Matter

1. Claims 1 and 4-20 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1 and 4-20 are allowable over the prior art of record because the prior art of record does not teach or disclose a method of separating species signals in a composite MRI signal comprising the steps of fitting transient response of the measure signals to a model to identify the smallest number of discrete exponential terms which provide a satisfactory representation of the measure data which utilizes a curve-fitting algorithm, in combination with the remaining limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
